Lakeshore State Park Boat Slip Fees & Policies

Overnight and Daily Moorage Fees and Procedures for Transient Vessels

Policy

- The overnight moorage fees are \$1.50 per foot, \$30 minimum. Fees include electricity.
- Watercraft that are the property of the United States, State of Wisconsin, City and County of Milwaukee are exempt from moorage fees.
- The daytime temporary moorage rate shall be \$3 an hour, \$9 minimum and applies to all watercraft tied to the dock. The park superintendent or his/her designee shall have discretion in determining the temporary moorage time schedules based on transient boat traffic demand levels. No reservations will be taken for daytime mooring.

Procedures

Overnight Reservations

- Fees are based on the overall length of the vessel as shown on your boat registration.
- Slips are available May 15 through October 31
- A one-night nonrefundable reservation fee is due with the application.
- If more than one night reservation fee is paid, the additional fees may be refunded if canceled seven or more days in advance.
- Reservations may be made up to 11 months in advance.
- One reservation maximum per person.
- Length of stay is limited to 4 days. (The boat must leave for a minimum of 24 hours before renting again).
- The overnight mooring fee is for a period beginning when the slip becomes occupied at 3 p.m. (earlier if available) through 1 p.m. of the next day.
- An overnight transient boater, who wishes to occupy the slip beyond 1 p.m., if available, shall be allowed to extend the time at the discretion of the superintendent or his/her designee by paying \$3/hour (\$9 minimum) for daytime temporary moorage.
- Any boat moored overnight directly to a pier dock shall be charged the full fee even if utilities are not used.
- Check in begins at 3 p.m. If the boater's site is vacant before 3 p.m., the boater may occupy the site.

Doubling

- When two boats are moored in a slip, the second boat will not be provided with power; however, the second boater may make arrangements with the first boater to share power service if they so desire. Full rates apply to both boats.
- The first boater is under no obligation to share power.

Rafting

- Vessels that are rafted onto properly moored vessels shall be charged the normal dockage rate.
- The rafted boater may make arrangements with the rightful moored boater to share power but the rightful moored boater is under no obligation to do so.

Daytime Moorage

- No daily/hourly reservations are possible – first-come, first-served if space is available.
- If the superintendent or his/her designee determines that transient boat traffic is likely to be heavy enough so that the slip will likely be rented to an overnight transient boater, the boater occupying the slip for daytime temporary moorage must vacate the slip by 3 p.m.
- If the superintendent or his/her designee determines that the boat traffic is light, the daytime temporary moored boat may be allowed to occupy the slip until a predetermined time authorized by the Superintendent or his/her designee.

Other

- No swimming or fishing off docks or piers
- No open flames/grilling allowed on docks or piers.
- Dogs must be leashed (no longer than 8 feet) at all times. Pet owners must pick up after their pets.
